

# HEALTH SCIENCE I & MEDICAL TERMINOLOGY

CRAWFORDSVILLE HIGH SCHOOL - OFF-SITE LOCATION | AVAILABLE JUNIOR OR SENIOR YEAR

# HEALTH SCIENCE I & MEDICAL TERMINOLOGY

Health Science I allows students the opportunity to learn the language of medicine that will help them to diagnose, triage, and treat people, as well as become CPR certified. Specific skills learned in this course include taking vital signs, doing blood typing, administering first aid, suturing, prepare nutritious diet specific foods, and explore body systems. Health Science I students are preparing themselves with a professional network as they complete clinical rotations in a variety of medical offices during the year.

## Health Science I & Medical Terminology leads to these jobs:

- Certified Nurse Assistant
- Dietician
- Rehabilitation Aide
- Home Health Aide
- Licensed Practical Nurse
- Registered Nurse
